Programs**
Cathy Williams Ext. 17

**Administrative
Secretary**
Heather Parsons
Ext# 10

Early Intervention—Certified through the Ohio Department of Health and the Ohio Department of Developmental Disabilities, Early Intervention Specialist provide service coordination and specialized instruction one on one in small groups to children birth through age two who have developmental delays and/or qualifying medical conditions. Progress updates are completed two to four times a year to help parents stay abreast of their child's developmental progress. Recently trained P.L.A.Y. Project staff is currently working toward certification that will allow them to provide specialized instruction to children identified with Autism and their families.
